**Special Topics: Data Analytics and Visualization in Healthcare**
CSCI-GA.3033-096 (19635)
**Final Project Part III**

## 1) Writeup

- Do a write-up of your project in the form and style of a conference research paper. The paper should have the following sections:
    - Abstract, Introduction, Methodology, Results, Discussion, Conclusions, and References.
- You can use any of the following templates:
    - https://www.acm.org/publications/authors/submissions
- There is no minimum or maximum number of pages.
- There is no minimum number of bibliographic references for this work.
- Include a list of references at the end of the document.
- Any plagiarism will be penalized.
- Please submit this file in MS Word or PDF format.

## 2) Poster

- Here you can find templates for the poster:
    - https://www.posterpresentations.com/nyu-research-poster-printing-service.html
    - Please use any of the landscape format templates.
- The poster should include the Introduction, Methodology, Results, Discussion and Conclusions, and References.
- Note: You may choose to do slides instead of a poster if the presentation doesn't exceed 10 mins. For this option, you need to include the same sections mentioned above.

## 3) Project Resources
- Submit programs (.R files and/or .ipynb files).
- The Tableau packaged workbook files (.twbx).
- Datasets and other resources used in the project.
